PROFILE

IT undergraduate with experience in Software Development, System Administration, Information Networking & Information Security.

EDUCATION

• Bachelor of Science in Information Technology

University of Washington

Aug 2018

Award(s)/Honor(s): Scholarship awarded for Annual Dean's List (2016-2017), Annual Dean's List (2017-2018) Cumulative GPA: 3.44, Major GPA: 3.83

• Jamnabai Narsee School, International Baccalaureate® (IB) Diploma Programme (DP), Mumbai

2012 - 2014

PROJECTS

Systems Analysis & Design (Agile)

SoftCare Information System - A Patient Data Management System, developed with Java (OOP).

Information Assurance & Security

- Penetration Testing Labs: Vulnerability Scanning | Password Cracking | Metasploit Exploit | Packet Sniffing/Analyzing
- Risk Assessment: Worked on a 6-person team to perform vulnerability assessment, risk analysis & mitigation for Rotator Creative.
- Linux: Worked on a team to identify vulnerabilities & perform system hardening on a CentOS image.
- **Intrusion Detection & Prevention:** Worked on a team to implement an Intrusion Prevention & real-time alerts mechanism. Technologies included Ubuntu Linux, Snort IDS, Syslog-ng, Swatch Watcher, Postfix & VirtualBox.
- Windows: PFSense VPN/Firewall (Server/Client) | Incident Investigation & Response | ACLs

System Administration Labs

- Windows Server 2012: File Sharing & Permissions | Active Directory OUs & Group Policy
- Linux (RHEL/Fedora/CentOS): Bugzilla | Apache

Programming/Software Development

- C# and/or .NET (Object- Oriented Programming) Student Database | Movie Library
- Java (Object-Oriented Programming) Huffman Coding | Evil Hangman | HTML Manager | 20 Questions Guessing Game.
- System Programming (C & Linux) IP Encoding/Decoding | Pixel Manipulation | Napier's Letters | Stock-Client Database
- Python Data Programming: Conducted statistical analysis on Guardian's 'The Counted' dataset.
- Android (Java) Weather App

Relational Database & SQL

- **Database Design** Entity Relationship Model for a Fitness Tracking App with a focus on data normalization.
- Database Development Database for a Clinic. Implemented Stored Procedures, Triggers, Functions, Views, Indexes & Backups.

Web Development

- Firefighter Fitness Information Technology (FFIT), West Thurston Regional Fire Authority, Washington
 - o Developed a fitness tracking module with Caspio and integrated it within the organization's Joomla website.
- To-Do List | Fifteen Puzzle | Weather: Web applications built using HTML, CSS, JavaScript, PHP and/or SQL.
- Bakshi Ghura & Company, Mumbai, India
 - Worked on a 3-member team to develop a Sales Order Portal using HTML, CSS, Bootstrap, JavaScript, JQuery, PHP & MySQL.

Information Networking Cisco Labs - Introduction to Networks | Routing & Switching Essentials

WAN Network Configuration | Static & Dynamic Routing | VLAN Implementation | ACLs | Device Maintenance | NAT | DHCP

User Interface / Experience (UI/UX) Design & Software Prototyping

- Topia Technology, Washington | Project Lead: Design consulting and prototyping for the company's Secrata software.
- University of Washington Dining App | Project Lead: A high fidelity prototype for an Android/iOS food ordering application.

RELATED EXPERIENCE

Programming Intern | Blockterms, Seattle, Washington

Since June 2018

Developing software for multi-party financial agreements. Technologies – Bulma CSS, Vue.js, Laravel, Google Cloud Storage & Datastore, Docker, Vagrant, Git, REST APIs, JSON, Slack.

• Cybersecurity Research Assistant | University of Washington | T-Mobile

Aug 2017 – June 2018

Involved in configuring security systems such as Honeypots, Intrusion Detection/Prevention Systems & firewalls, developing python scripts to aid in formulating DoS mitigation strategies. Led team meetings and presented the project at UW's symposiums.

• IT Intern | Spocto, Mumbai, India

Jul 2016 - Sep 2016

Involved in coding the Spocto 360 Dashboard. Configured a relational database for data management using MS Access.

• IT Intern | Karvy Financial Services Ltd (KFSL), Mumbai, India
Involved in designing, testing and securing a Karvy's in-house Customer Relations Management System.

Jul 2015 – Sep 2015

INTERESTS & ACTIVITIES

Community Service: Rotaract Club of Bombay North Island, Mumbai, India.

- 2012 2014
- UW Clubs: Grey Hat Computer Security, Squash Team (2014-2015), Washington State Open Squash Tournament (2014).
- Hackathons: DubHacks 2014, Zillow Hack Housing 2015, CodeDay 2015, NWHacks 2017
